Sir,

This is in response to your trail mail and our earlier letter No. 2019/CV dated 25.04.2019 on the subject, I am being directed to inform you that in the absence of the record and original certificate it is not possible to verify the certificate. Prima facie signatures on the certificate do not appear to be genuine but the final verdict on the same can only be given by the persons whose names appear on the certificate.

With Regards,  
Yours sincerely,
